From the Desk of Editor

Dear friends and colleagues

It is always my pleasure to communicate through this INDUSEM official Platform and keep you all updated of the recent events and success stories of INDUSEM.

The medical profession is always criticized. We are not going to get praised for what we do good but may be instead criticized.

So let us not worry about the criticism but to follow the law of the land and continue our social commitment to the community where we live and deliver our noble profession as doctors.

We INDUSEM is committed not only in patient care but also involving ourselves in policy decisions by the government in healthcare especially preventive healthcare, pre-hospital system, trauma care systems, acute care, and developing systems for the above needs aside the policy makers. This issue highlights on our achievements in different fronts.

INDUSEM Patron KGMU Vice Chancellor Dr. Ravi Kant awarded the Padma Shri 2016, INDUSEM Leader Publishes Academic Global Surgery Textbook, SUNY New York Distinguished Professorship for INDUSEM Pediatric Emergencies Leader, and INDUSEM Academicians Ink the Landmark Scientific Document on ZIKA VIRUS are some of the achievements of INDUSEM. It gives me immense pleasure to give news on Marathi Sahitya Samelan, the biggest event in Maharashtra sponsored by DPU Pune.

We the INDUSEM as a habit of sharing knowledge, I invite you all to share any awards, skill gained, scientific programme conducted in your organization through TEAMS. We will be honored to proclaim and promote your Leadership via TEAMS.

JAIHIND.

INDUSEM Academicians Ink the Landmark Scientific Document on ZIKA VIRUS

INDUSEM Academicians Inked a comprehensive review on the ZIKA Virus in the PubMed Indexed Journal of Global Infectious Diseases. Till date this is the First Comprehensive Scientific Article on ZIKA Virus in Scientific Literature.

INDUSEM Leaders from United States and Caribbean Islands worked days and night in the last week to produce this Masterpiece which envisions to be the Global Template for Information on the ZIKA Virus.

Dr. Stanley Sawicki a World Leader in Virology Co-Author of this Masterpiece.

As per CDC "Zika virus is spread to people through mosquito bites. The most common symptoms of Zika virus disease are fever, rash, joint pain, and conjunctivitis (red eyes). The illness is usually mild with symptoms lasting from several days to a week. Severe disease requiring hospitalization is uncommon.

In May 2015, the Pan American Health Organization (PAHO) issued an alert regarding the first confirmed Zika virus infection in Brazil. The outbreak in Brazil led to reports of Guillain-Barré syndrome and pregnant women giving birth to babies with birth defects and poor pregnancy outcomes.

In response, CDC has issued [travel notices](#) for people traveling to regions and certain countries where Zika virus transmission is ongoing. **More Information is Available on www.cdc.gov**
