Dear friends

I take this opportunity to make you updated about happening in EM in India and on International Platform in the beginning of year 2017.

MCI has recognized MD (EM) in some of colleges and universities. This has given boost to some of the events which were waiting for long time. These are much needed for progress of EM students and departments.

EMA-ACEE leaders from INDUSEM came together to lead the design and implementation of Inaugural examathalon. This event was for the first time in India that practice exam was conducted. Question bank was also released during the event.

EMA has also gone ahead with Emergency Medical education at primary level and Haryana was unique to conduct it in Hindi.

7th Annual National emergency Medicine Board review of India course (NEMBRIC 2017) was a big success.

"Visual learning Via POC Ultrasound" was held in Manglore at PHOENIX 17 Em Sonography. The Visual stethoscope was one of the most successful and well attended events.

We had Em activity in all directions and achievements were excellent to make successful beginning of year 2017.

Jaihind

EXAMATHALON2017... Preps Exam Going Emergency Physicians in India

EMA-ACEE Academic Leaders from INDUSEM came together to lead the design and implementation of the Inaugural EM EXAMATHALON.

It is the First time in India, that an EM PG Practice Examination was conducted for the Exam Appearing MD/DNBs EM Candidates.

EXMATHALON was held at Jubilee Mission Medical College & Research Institute, Thrissur, Kerala.

The EXAMATHALON comprised of both theory and practical practice examinations.

Leading MCI/DNB Recognized Academic EM Educators from across the country proctored the practice examinations.

Dr. Sanjeev Bhoi, Professor, Emergency Medicine, JPNAAIIMS, New Delhi.

Dr. T V Ramakrishnan, Professor, Emergency Medicine, SRMC Chennai.

Dr. Gireesh Kumar, Professor, Emergency Medicine, AIMS, Kochi.

Dr. Babu Urumese Palatty, Professor, Emergency Medicine, JMMC, Thrissur.

Dr. Jayaraj Mymbilly Balakrishnan, Professor, Emergency Medicine, KMC Manipal.

Dr. PC Rajeev, Associate Professor, Emergency Medicine, JMMC, Thrissur.

Another important achievement was the release of "ADRENALINE"- The EM Question bank.

"ADRENALINE" comprises of chapter wise questions, compiled from various universities across the country. Dr. Vineeth did a great job in compiling all this.

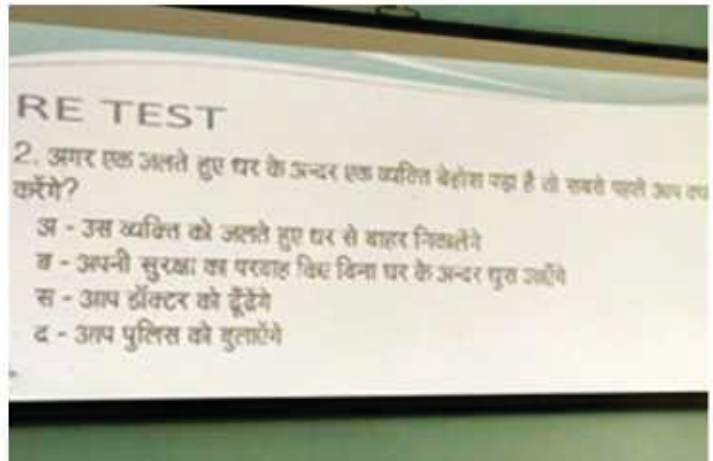

The Two Day EXAMATHALON was an eye opener for many candidates who were able to obtain correct guidance and experience the environment of a real university final exam proctored by Academic Leaders of EM.

Haryana Moves ahead with Emergency Medical Education @ Primary Level

INDUSEM Leaders in partnership with Experts from The Division of Trauma & Critical Care Northwestern University Feinberg School of Medicine ran an exhaustive skills development session at Nanakpur, Haryana. Nanakpur is a rural community in Haryana with a population of approximately 30,000. A team of medical students from Northwestern University, Chicago have been working in the Nanakpur area since 2011. In 2015, they conducted surveys on the surgical burden of the community, which revealed that about 30% of the Nanakpur community members have a regular emergent surgical needs. Trauma was one of the leading causes of surgical emergencies. It was concluded that building capacity of first responders was a crucial part of improving pre-hospital care and targeting the emergencies burden.

The Skill Development Sessions targeted over 200 participants who were ASHA workers, Anganwadi workers, Mahila Mandal, ANM students, Doctors and Nurses. The course was taught in Hindi The national Language of India.

NEMBRIC2017 @ NBE

The 7th Annual National Emergency Medicine Board Review of India Course (NEMBRIC2017) concluded at the National Board of Examinations (NBE) in New Delhi. It is the Only Legitimate Academic Review Course in Emergency Medicine in India. It is Organized by the Academic College of Emergency Experts (ACEE), Emergency Medicine Association (EMA), & INDUSEM Following Government Recognized Board Certified Emergency Medicine Educators conducted NEMBRIC 2017:

1. Prof.Dr. Bonnie Arquilla, SUNY, New York (Course Director)
2. Prof.Dr. Praveen Aggarwal, AIIMS, New Delhi (Dean of ACEE)
3. Prof.Dr. Sanjeev Bhoi, AIIMS, New Delhi (Treasurer, ACEE)
4. Prof.Dr. Shakuntala Murthy, St John's Medical College, Bengaluru
5. Prof.Dr. Ashish Bhalla PGIMER, Chandigarh
6. Prof.Dr. Vikas Suri from PGIMER, Chandigarh
7. Prof.Dr. Jayaraj Balakrishnan, KMC, Manipal
8. Prof.Dr. Kalpana Kelkar, BJMC, Pune
9. Prof.Dr. Rajeshwari Vhora, DPU Pune
10. Prof.Dr. Bhavesh Jarwani, NHLM Medical College, Ahmedabad
11. Prof.Dr. Manpreet Singh, Government Medical College, Chandigarh
12. Dr. Naman Agrawal, AIIMS, New Delhi
13. Dr. Siju Abraham Jubilee Mission Medical College & Research Institute, Kerala
14. Dr. Vimal Krishnan Jubilee Mission Medical College & Research Institute, Kerala

NEMBRIC 2017 was a 48-hour rigorous and well-structured academic endeavour, to give the participants a complete theoretical overview of various topics in emergency medicine. The sessions were well prepared and delivered by faculty in a very interactive way. The course was attended by around 80 participants converging from various parts of the country. These included MD and DNB residents in emergency medicine, practicing emergency physicians, departmental heads, navy personnel, surgeons, anaesthetists, internists and paediatricians. Catering to the needs of such diverse audience was a challenge which was well taken by the organising body.

PHOENIX2017 Realizes the Visual Stethoscope

Dr Naman Agrawal who led the successful participation of the leaders of EMA at the Skill Schools on "Visual Learning via POC Ultrasound" at PHOENIX17 the International Medical Students Congress held at The AJ Institute of Medical Sciences, Mangalore.

Over 600 medical students from more than 80 countries participated in the event, which had 35 Skill Schools running simultaneously.

The skill schools on **EM Sonography- The Visual Stethoscope** were one of the most successful and well attended events. The Students learnt the Ultrasound Anatomy organs and the body. They were able to appreciate the various phases of cardiac cycle on bedside ultrasound.
